Reports and Papers

The **Introductory Report** presents a comprehensive basis for a clear and meaningful discussion at the Colloquium.

The Introductory Report has been issued and can be ordered at the Secretariat of IABSE by joining a check of Swiss Francs 36.-. (168 pages; 8 contributions in English, with summaries in English, French and German)

Participants are invited to contribute **papers** to anyone of the five sessions. The papers should be submitted for review by the Organizing Committee before February 28, 1979 to the Secretariat of IABSE.

Accepted papers will have to be prepared according to “IABSE Instructions for setting out articles to be included in IABSE Publications”, available at the IABSE Secretariat in Zurich, and will be limited to 8 pages.

The **Final Report** will be published in August 1979 and will contain the papers presented at the Colloquium. It will be mailed automatically to all participants and will be also available at the IABSE Secretariat.
