THE FINANCIAL YEAR 2001

Two significant developments marked the financial year for the ICRC: the improvement in the organization's financial situation compared with one year earlier and the presentation of financial statements in full compliance with the International Accounting Standards (IAS).

Until the end of August, expenditure under the field budget was lower than it had been during the same period of the previous year, mainly because security problems forced some operations to be curtailed despite the considerable need for humanitarian aid. In terms of funding, the response to appeals initially failed to meet expectations. Cost-reduction plans, which involved cuts in expenditure on infrastructure and some non-priority programmes, were therefore implemented in the spring and early summer. Beginning in September, when it was decided to gradually expand activities relating to the situation in Afghanistan, donor response was remarkable. The total expenditure for field operations in 2001 was Sfr 684.2 million in cash, kind and services, or 12.6% less than in 2000. Because of particularly generous funding received in the final quarter for Afghanistan-related activities, there was a Sfr 32.4 million improvement in the financial situation of field operations in 2001, rising from a deficit of Sfr 29.1 million at the start of the year to a surplus of Sfr 3.3 million by year's end. However, this net result consisted largely of the cumulated surplus of a few operations, such as Afghanistan (Sfr 25.6 million), Indonesia (Sfr 3.8 million) and Colombia (Sfr 2.3 million), while most other operations recorded a cumulated deficit totalling Sfr 31.5 million.

Two cost-reduction plans involving various types of expenditure were also adopted at headquarters because of the unfavourable financial forecasts in effect until autumn. Thanks to these plans, current expenditure was maintained at the same level as the previous year (Sfr 143.7 million). In the financial statement, contributions in kind and in services in the amount of Sfr 1.6 million relating to buildings made available in Geneva were added to income and expenditure under the headquarters budget. Headquarters funding and the non-operating result allowed a net Sfr 14.2 million to be added to the reserves that help the organization to face risks and meet commitments. The future operations reserve (the main reserve fund) enables ICRC operations to continue even in periods of significant underfunding such as regularly occur throughout the year.

The main development in terms of the balance sheet was the improvement in the cash position at the end of the year (Sfr 131.6 million as against a net Sfr 35.4 million at the end of 2000). It should be noted, however, that part of these funds are already committed and that the average monthly cash outflow at headquarters was Sfr 61 million in 2001.

Report of the external Auditors to the Assembly of the Members of
The International Committee of the Red Cross
As external auditors of your association, we have audited the financial statements (balance sheet, statement of income and expenditure, cash flow statement, statement of changes in reserves and notes) of The International Committee of the Red Cross for the year ended December 31, 2001. These financial statements are the responsibility of the Committee. Our responsibility is to express an opinion on these financial statements based on our audit.
Our audit was conducted in accordance with auditing standards promulgated by the profession in Switzerland and with the International Standards, on Auditing issued by the International Federation of Accountants (IFAC). Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Committee, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
In our opinion, the financial statements give a true and fair view of the financial position of the International Committee of the Red Cross as of December 31, 2001, and the results of operations, the changes in reserves and the cash flows in accordance with the International Accounting Standards. Furthermore, the accounting records and financial statements comply with the Swiss law and the articles of incorporation.
We recommend that the financial statements submitted to you be approved.

5.1 Activities

The International Committee of the Red Cross (ICRC), founded in Geneva in 1863 and formally recognised in the Geneva Conventions and by the International Conferences of the Red Cross and Red Crescent, is an independent humanitarian nonprofit organization (NPO) having a status of its own and being domiciled in Switzerland.

The ICRC's principal tasks consist of:

- in connection with internal strife, international and non-international armed conflict, and their aftermath:
 - activities for persons deprived of their freedom;
 - protection and relief (in the form of medical supplies, drinking water, food and shelter) for the civilian population;
 - restoration of family links;
- at all times :
 - development of and respect for international humanitarian law;
 - promotion and dissemination of humanitarian law and of the principles of the International Red Cross and Red Crescent Movement;
 - humanitarian diplomacy.

These financial statements of the ICRC for the year ended 31 December 2001 include activities of the Geneva headquarters, and all ICRC delegations.

The financial statements were approved by the Assembly on 25 April 2002; therefore the financial statements reflect events up to this date.

5.2 Significant accounting policies

5.2.1 Statement of compliance

The financial statements have been prepared in accordance with and comply with the accounting standards as adopted by the International Accounting Standards Board (IASB), and interpretations issued by the Standing Interpretations Committee (SIC) of the IASB, and are presented in accordance with the statutes of the ICRC and Swiss law.

Currently, IAS do not contain specific guidelines for nonprofit organizations (NPO) and nongovernmental organizations (NGO) concerning the accounting treatment and the presentation of the financial statements.

The ICRC adopted IAS as of the beginning of 2001, and has restated comparative information for 2000 to comply with IAS.

The adoption of these standards has resulted in the following changes:

- · consolidation of three funds and one foundation;
- introduction of the statement of changes in reserves;
- reclassification of several positions in the balance sheet and the statement of income and expenditure and the cash flow statement;
- · new wording where necessary.

409

(in Swiss francs '000)

The adoption of IAS, when applied consistently to 2000, had the following impacts:

Reserves as of 31 December 2000			186,560
Change in Accounting Policy	IAS 395		6,840
Reserves as of 31 December 2000, as reported			193,400

Total IAS-restatement	110 00	1,077	379
Deficit of the year, ended on 31 December 2000, after IAS	Prestatement		-32,147

5.2.2 Basis of presentation

The financial statements are presented in Swiss francs, rounded to the nearest thousand.

They are prepared on the historical cost convention except that the following assets and liabilities are stated at their fair value: available-for-sale securities and derivative financial instruments. Recognised assets and liabilities that are hedged are stated at fair value in respect of the risk that is hedged.

Fair value is the amount for which a financial asset, liability or instrument could be exchanged between knowledgeable and willing parties in an arm's length transaction.

The preparation of the consolidated financial statements requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period. If in the future such estimates and assumptions, which are based on management's best judgment at the date of the financial statements, deviate from the actual circumstances, the original estimates and assumptions will be modified as appropriate in the year in which the circumstances change.

IAS 19 - Employee Benefits

IAS 21 - Effects of Changes in Foreign Exchange Rates 3

IAS 27 - Consolidated Financial Statements 4

IAS 36 - Impairment of Assets

IAS 39 - Financial Instruments: Recognition and Measurement

(in Swiss francs '000)

5.2.3 Basis of consolidation

Special Funds and Foundations

Regarding special funds and foundations control exists when the ICRC has the power, directly or indirectly, to govern the financial and operating policies of a fund or foundation so as to obtain benefits from its activities. These special funds and foundations are consolidated from the date on which effective control is transferred.

They are only excluded from consolidation, when in aggregate they are not controlled, will not be controlled anymore in the near future or because they are not material.

Details on all funds and foundations are disclosed in note 5.4.6.

5.2.4 Foreign currency transactions

Monetary assets and liabilities are translated into Swiss francs at the rate applicable at the year-end. Items of the statement of income and expenditure are converted at monthly exchange rates and any differences are included under other income and expenditure.

The principal rates of exchange are shown below:

	Closing rate o	of exchange	Average rate of	f exchange
	2001	2000	2001	2000
USD	1.6605	1.6200	1.6880	1.6854
EUR	1.4785	1.5200	1.5092	1.5601
GBP	2.4180	2.3900	2.4298	2.5500
DEM	0.7559	0.7772	0.7716	0.7977
FRF	0.2254	0.2317	0.2301	0.2379

5.2.5 Derivative financial instruments

The ICRC uses derivative financial instruments – forward foreign exchange contracts – to hedge its exposure to foreign exchange risks arising from financing and operational activities (for significant pledged contributions and expenditures). In accordance with its treasury policy, the ICRC does not hold or issue derivative financial instruments for trading purposes.

Derivative financial instruments are stated at fair value. Recognition of any resultant unrealised gain or loss depends on the nature of the item being hedged (see Note 5.2.6).

The fair value of forward exchange contracts is their quoted market price at the balance sheet date, being the present value of the quoted forward price.

5.2.6 Hedging

Hedge of currency risk on balance sheet assets and liabilities

Where a derivative financial instrument hedges the variability in fair value of a recognised receivable or payable, any resultant gain or loss on the hedging instrument is recognised in the statement of income and expenditure.

The hedged item also is stated at fair value in respect of the risk being hedged, with any gain or loss being recognised in the statement of income and expenditure.

The fair value of the hedged items, in respect of the risk being hedged, is their carrying amount at the balance sheet date translated to Swiss francs at the foreign exchange rate ruling at that date.

(in Swiss francs '000)

5.2.7 Cash and cash equivalents

The ICRC considers cash on hand, amounts due from banks and short-term time deposits with banks to be cash or cash equivalents.

Bank borrowings that are repayable on demand and form an integral part of the ICRC's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

5.2.8 Securities

Securities which are *available for sale* are classified as current assets and are stated at fair value, with any resultant gain or loss recognised in the statement of income and expenditure.

The fair value of available-for-sale securities is their quoted bid price at the balance sheet date.

5.2.9 Accounts receivable

Receivables are stated at their cost net of a provision on the outstanding amounts to cover the risk on nonpayment (see Note 5.3.3).

The main positions of the receivables are recognised for:

- Pledges: at the moment of a written confirmation;
- <u>Re-invoiced costs:</u> at the moment when (i) the service or basic expenditure is fulfilled or (ii) the ownership of the asset is transferred.

5.2.10 Inventories

Inventories held at the headquarters and at the principal regional distribution center in Nairobi are considered as uncommitted stocks and are recorded at cost. The cost of inventories includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition.

Expenditure is recognised at the moment of the delivery or consumption of these stocks except for obsolete inventories which are written off.

Inventories held at other locations are considered as committed and are included in expenditure.

The cost of inventories of perishable goods is based on the first-expired first-out principle.

The cost of other inventories is based on the *first-in first-out principle* except where goods have been specifically earmarked, in which case they are used first and therefore the costs of these items are specifically identified.

Transfers of inventories are recognised as expenditure when incurred.

5.2.11 Property, equipment and software

Owned assets

Assets are measured at their historical costs and are capitalised when (i) they are used exclusively for the ICRC and when (ii) the following limits are reached for individual asset amounts:

- Real estate
- all vehicles Sfr 10.000
- Equipment and vehicles Sfr 10,000
- Licences for commercial software Sfr 500,000*

Contributed assets are accounted for using the same principles as for purchased assets (see Note 5.2.16).

Licences for commercial software are considered as fully expensed during the year.

(in Swiss francs '000)

Leased assets

Leased assets having a rental character are defined as operating leases and are charged to the income and expenditure statement account throughout the lease period as they arise.

Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the item of property and equipment.

All other expenditure is recognised in the statement of income and expenditure as an expense as incurred.

Depreciation

Depreciation is calculated on the *straight line method* so as to depreciate the initial cost over the estimated useful lives, which are as follows:

	in Switzerland	other countries
Real estate	50 years	10 years
Fixed installations	10 years	10 years
Equipment and vehicles	5 years	5 years
Hardware	3 years	3 years
Software	5 years	5 years

5.2.12 Impairment

The carrying amounts of the ICRC's assets, other than securities (see Note 5.2.8) and inventories (see Note 5.2.10), are reviewed at each balance sheet date to determine whether there is any indication of impairment.

If any such indication exists, the asset's recoverable amount, which is – due to the nature of the ICRC's activities – the value in use, is estimated.

An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognised in the statement of income and expenditure.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount.

An impairment loss is only reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

5.2.13 Provisions

A provision is recognised in the balance sheet when the ICRC has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of assets will be required to settle the obligation.

If the effect is material, provisions are determined by discounting the expected future cash flows that reflect current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

5.2.14 Interest-bearing borrowings and loans

Interest-bearing borrowings and loans are recognised initially at cost, less attributable transaction costs.

Subsequent to initial recognition, interest-bearing loans are stated at amortised cost with any difference between cost and redemption value being recognised in the statement of income and expenditure over the period of the loan on an effective interest basis.

(in Swiss francs '000)

5.2.15 Reserves

Funding of field operations

Field operations with temporary deficit financing

This position relates to expenditures in the field which have not been financed by contributions received or pledged at 31 December 2001.

Donor-restricted contributions

Some contributions received by the ICRC are earmarked for specific usage. At the end of the financial year, any such funds which have not yet been spent are recorded under this heading. In case the funds cannot be used, the ICRC either obtains agreement for a reallocation of those funds for a different usage or reimburses them to the donor.

Reserves designated by the Assembly

Future operations reserve

This position contains the reserve for operational funding. The ideal amount of this reserve is estimated at two and a half months of operational cash expenditure over the last five years.

Operational risks reserve

This concerns reserves relating to insurance of equipment and to commercial disputes.

Assets reserve

The ICRC sets aside funds for capital expenditure on real estate and equipment, in order to be able to make investments, which are essential for its operations regardless of short-term financial fluctuations.

Financial risks reserve

This covers the risks of exchange rate and price fluctuations in securities.

Human resources reserves

This reserve is set aside to cover the exposure to future payments to management and staff under agreements for early retirements.

Specific projects reserves

Allocations for specific projects to be undertaken are made in anticipation of the events taking place; such as the International Conference of the Red Cross and Red Crescent, and studies concerning the Red Cross emblem.

(in Swiss francs '000)

5.2.16 Income

Contributions

Pledges are recognised on receipt of a written document from the donors.

<u>Contributions</u> that are based <u>on contracts for specific projects</u> (e. g. European Union, projects delegated to National Red Cross and Red Crescent Societies) are recognised as the expenditure is incurred.

The following contributions are recognised upon receipt of the cash collection :

- Private sources, associations and companies
- Legacies
- Gifts

<u>Contributions in kind</u> (goods or interests) and in services (in the form of staff, means of transport or rent) are recognised on the date of receipt of the goods or service and are reported as equal contributions and expenses in the income and expenditure statement.

<u>Contributions in kind for fixed assets</u> are recorded at fair value under other income. Depreciation of such assets is included in operational expenditure in the same manner as for purchased fixed assets.

The <u>value of contributions in kind</u> is determined by the donor's indication of the value of the goods, including the cost of transport to the final destination. The fair value may not be exceeded.

The <u>value of service contributions</u> in the form of staff is estimated by determining the real cost that would have been incurred had the contribution not been made. In the case of staff seconded to the ICRC, the estimated value consists of the salary plus the social security and insurance contributions paid by the ICRC for the position concerned. From this value, all personnel costs paid by the ICRC directly to the concerned persons or its employer have been deducted to give the value of service recorded.

Earmarking

Cash contributions restricted by donors not other than for general ICRC field operations are considered as *non-earmarked*. Cash contributions to a given region, country or programme (worldwide) are seen as *loosely earmarked*,

Contributions (in cash or in kind) to the programme or sub-programme of a country, project or goods are *tightly earmarked*. The table below shows the overall framework for the earmarking level of cash contributions for the field budgets:

Level of earmarking	Range/restrictions	Example
none	overall ICRC field budget	ICRC operations worldwide
region programme	one of the five regions one of the four programmes	ICRC operations in Africa ICRC preventive action activities worldwide
programme/region	one of the four programmes for one of the five regions	ICRC protection activities in Asia and the Pacific
operation	one of the worldwide delegations	ICRC activities in Colombia

Donor-restricted contributions that exceed specific expenditure within the accounting year are carried forward to the following year (see Note 5.2.15).

In case the ICRC meets an overfinancing due to earmarked contributions for a specific operation, the donor is asked if the contribution can be allocated to another operation or be carried forward to the following year. In case of overfinancing, the donor may also ask for a reimbursement of the donation.

Lease income

Lease income from operating leases is recognised in the statement of income and expenditure on a straight-line basis over the lease term.

(in Swiss francs '000)

5.2.17 Financial income and expenditure

The net financial result is comprised of interest payable on borrowings, interest receivable on funds invested, securities' income, " foreign exchange gains and losses, and gains and losses on hedging instruments (see Note 5.2.6 Hedging).

Interest income is recognised in the statement of income and expenditure as it accrues, taking into account the effective yield on the asset.

Securities' income is recognised on collection.

5.2.18 Employee benefits

For headquarters and expatriated employees pension obligations are covered by an independent foundation with a defined contribution plan. One third of the contributions are paid by the employees and two thirds by the ICRC.

Defined contribution plan

Contributions to the defined contribution pension plan are recognised as an expense in the statement of income and expenditure as incurred.

Early retirement benefits

The ICRC has a plan, which allows its staff working at headquarters or in the field and hired in Geneva to have a pre-retirement at 57 instead of 62. This plan is revocable at any time.

The obligation from employees who presently benefit from this plan is shown under accrued expenses and prepaid contributions, discounted to its present value. The discount rate is the yield at balance sheet date on a 5 year Swiss Government bond.

Allocations made towards the cost of future early retirements are included in the human resources reserve.

AVENIR Foundation

The AVENIR Foundation is an entity, established at the ICRC's initiative, for the benefit of staff working at the headquarters or in the field and hired in Geneva under an open-ended contract.

Its purpose is to facilitate training of professional skills, to facilitate career moves and to improve retirement benefits.

The ICRC pays fixed contributions to staff's individual accounts of the foundation depending on the length of their employment.

Local employees

Personnel employed locally by the delegations receive social benefits in accordance with the legislation of the countries concerned and the Local Collective Staff Agreements.

5.2.19 Expenditure

Operating lease payments

Payments made under operating leases are recognised in the statement of income and expenditure on a straight-line basis over the term of the lease. Lease incentives received are recognised in the statement of income and expenditure as an integral part of the total lease payments made.

5.2.20 Comparative information

Comparative information has been restated to comply with IAS.

(in Swiss francs '000)

5.3 Details relating to the financial statements

This section provides a breakdown of the main items on the balance sheet, the statement of income and expenditure, the cash flow statement and the statement of changes in reserves. All figures are in thousands of Swiss francs (Sfr '000) and represent a consolidation of the headquarters and field financial data.

5.3.1 Cash and cash equivalents

	2001	2000
Cash and bank accounts	90,385	22,977
Time deposits	41,375	21,835
Cash and bank balances	131,760	44,812
Bank borrowings	-107	10 M & 12 / 2
Cash and cash equivalents	131,653	35,472

Cash and bank accounts include the bank accounts of the Foundation for the ICRC in the amount of Sfr 1,132 (2000: Sfr 293) as well as the Max Huber Fund of Sfr 25 (2000: Sfr 25).

5.3.2 Securities

	2001	2000
Securities	40,248	42,561
Other financial assets	7,727	7,396
Total	47,975	49,957

The securities include securities and special funds of the consolidated funds and the Foundation of Sfr 8,537 (2000: Sfr 9,042).

5.3.3 Accounts receivable and prepayments

2001	2000

Net book value as at 31 December 2000	30,492	27,673	15,260	7,469	80,894

Work in progress

Work in progress comprises software in development acquired externally or generated internally for Sfr 81 as well as the setup of orthopedic centers and related activities for Sfr 1,206.

Restatements and impairment loss

In 2001, a restatement of assets is recognised in compliance with the current ICRC accounting policy, Sfr 314 (2000: Sfr 2,766). A revaluation of donated assets in 2001 caused the ICRC to assess the recoverable amount of vehicles and generators. Based on this assessment, the carrying amount of those items was written down by Sfr 91 (2000: Sfr 0).

Security: mortgage loan on property

At 31 December 2001 the headquarters building No.3 with an insurance value of Sfr 19,445 is subject to two mortgage notes of Sfr 7,050 each to secure the interest-bearing mortgage loan (see Note 5.3.6).

(in Swiss francs '000)

5.3.6 Borrowings and loans

			2001	2000
Loans				
Interest-bearing loan			7,900	7,900
Other loan			9,800	8,119
			17,700	16,019
Borrowings				
Bank borrowings			107	9,340

	Total	within 1 year	1-5 years	more than 5 years
Secured loan (effective rate)		'		
Sfr – fixed at 4,43%	7,900	200	800	6,900
Unsecured loan				
Sfr – granted at 0%	9,800	196	784	8,820
Total	17,700	396	1,584	15,720

The secured loan of Sfr 7,900 (2000: Sfr 7,900) relates to one building at the headquarters in Geneva. Interest amounted to Sfr 376 in 2001 (2000: Sfr 413).

The unsecured loan is interest free, reimbursable during 50 years and has been granted for the new training center in Ecogia-Geneva, Switzerland. For the interests a contributed service of Sfr 387 has been recorded as expenditure and as income.

In order to record the donation on an accrued basis, the loan has not been discounted.

5.3.7 Accounts payable

	a. Field Operations with temporary deficit financing	2001	2000
	Loosely earmarked balances	-31,463	-33,950
	Tightly earmarked balances	0	-269
		-31,463	-34,219
	Field operations are considered as a deficit financing as soon as the contributions do not	cover the expenditure.	
	b. Donor-restricted contributions	2001	2000
	Loosely earmarked balances	31,785	808
	Tightly earmarked balances	3,012	4,326
		34,797	5,134
	In 2001, no contributions had been reimbursed (Sfr 347 in 2000).		

5.3.11 Reserves designated by the Assembly

	Future operations	Operational risks	Assets replacement	Financial risks	Human resources	Specific projects	Total
Balance as at 1 January 2001	94,000	10,323	84,645	12,942	9,075	1,040	212,025
Use/release during 2001	-	-	-699	-4,962	-1,833	-367	-7,861
Allocations 2001	11,668	447	1,196	3,500	2,736	2,482	22,029
Balance as at 31 December 2001	105,668	10,770	85,142	11,480	9,978	3,155	226,193

The future operations reserve is for insufficient operational funding, estimated at a level of the average of 2.5 months of cash, kind and services expenditure over the last five years including the overhead for the field structure only.

The theoretical level should be Sfr 134,386 (in 2000: Sfr 127,576).

(in Swiss francs '000)

5.3.12 Operating expenditure by cash/kind/services and cost of support units

(in Swiss francs '000)

5.3.13 Staff-related costs and figures

	2001	2000
Wages and salaries	245,009	232,335
Social insurance and social benefits	69,625	61,194
Contributed services	18,430	25,372
Total	333,064	318,901

The number of positions at the end of 2001 (2000) was:

in the field :

- 1,161 (1,181) expatriate staff (including 176 (225) seconded by National Societies);
- 7,502 (7,848) local recruited employees under ICRC contract;
- 1,394 (2,226) local daily workers.

at headquarters:

• 800 (796) staff (including 3 (14) seconded by National Societies), which represents 658 (645) positions.

5.3.14 Employee benefits

a. Personnel pension plan

Under the defined contribution pension plan the ICRC paid Sfr 25,477 (2000: Sfr 23,334) to the pension fund. The Pension Fund Board has by a signed agreement with the ICRC accepted the following:

- 1. The ICRC's level of contributions is fixed at 17% of the pensionable salary.
- The ICRC will not be liable for any additional contributions if the fund does not have sufficient assets to pay all employee benefits as defined in the pension fund regulations relating to employee service in the current and prior periods.
- 3. The ICRC will not be liable for any additional contributions if the fund does not maintain a 4% return on investment.
- 4. Any surplus will not be used to reduce employer contributions.

b. Early retirement benefits

The future financial commitments due to early retirement benefits are borne by the ICRC and are included under accrued expenses in the amount of Sfr 4,431 (2000: Sfr 4,445) for accepted early retirements. The human resources reserve includes an accumulated allocation of Sfr 4,843 (2000: Sfr 3,940) towards the cost of future early retirements.

c. Severance pay to employees hired locally outside of Switzerland

The ICRC works in a field of activities, where sometimes delegations are closed in a very short delay. For this reason, a plan of severance pay is established that consists under certain given circumstances to pay a final amount to the employees before they leave.

This plan amounted to Sfr 19,107 at 31 December 2001 (Sfr 15,247 at 31 December 2000) and is included under provisions (see Note 5.3.8).

d. Expenditure for training – AVENIR Foundation

In 2001, the contribution to that foundation was Sfr 7,578 (Sfr 6,732 in 2000) and an amount of Sfr 5,524 (Sfr 4,091 in 2000) for training purposes and professional integration outside of the ICRC and early retirements was paid out.

In addition, the ICRC recorded direct expenditure for professional training of its staff of Sfr 2,079 (Sfr 2,342 in 2000).

(in Swiss francs '000)

5.3.15 Operating leases

Leases as lessee

The ICRC leases warehouses, delegation buildings and means of transport under operating leases. The leases may typically run for a period up to ten years, with an option to renew the lease after that date. Lease payments are increased annually to reflect market rentals.

One of the owned buildings has been leased by the ICRC. The lease expires in January 2002.

During the current year Sfr 80 million were recognised as an expense in the statement of income and expenditure in respect of operating leases (2000: Sfr 100 million).

The cash rental expenses are as follows:

	2001	2000
Premises and equipment	29,367	28,584
Transport	50,159	71,596
Total	79,526	100,180
Non-cancellable operating lease rentals are payable as follow	/S :	
– within 12 months	5,593	7,558
– within 1 to 5 years	5,092	3,651
- over 5 years	1,454	1,528
Total	12,139	12,737

Leases as lessor

In 2001, Sfr 655 (2000: Sfr 722) was recognised as income in the statement of income and expenditure in respect of subleases. Non-cancellable operating lease rentals are receivable as follows:

changes in the for value of lowrood exchange contents that hereits	2001	2000
– within 12 months	39	604
– within 1 to 5 years	0	33
- over 5 years	0	(

5.3.17 Other income and other expenditure

	2001	2000
Decrease in provision for accounts receivable	2,620	0
Re-invoiced costs	4,591	4,355
Income arising from prior period	1,731	2,561
Other	4,828	7,902
Adjustments of operations	3,743	0
Total other income	17,513	14,818
Increase in provision for accounts receivable		-750
Expenditure arising from prior period	-2,316	-1,391
Other	-4,443	-8,061
Adjustments of operations	0	-497
Total other expenditure	-6,759	-10,699

Adjustments of operations concern changes in the funding of field operations recorded in previous years. These comprise mainly transfer of goods between operations, and new estimates of accruals of previous years.

(in Swiss francs '000)

5.4 Additional notes

5.4.1 Taxes

The ICRC is exempt from taxes in Switzerland and most countries in which its delegations are based.

5.4.2 Financial instruments

Foreign currency risk

The ICRC incurs foreign currency risk on pledged contributions that are denominated in a currency other than Swiss francs. The currencies giving rise to this risk are primarily US-Dollar, Euro, Pound Sterling, and Swedish Kroner.

Hedging policy

The ICRC hedges significant pledged contributions denominated in a foreign currency on the balance sheet.

The ICRC uses *forward foreign exchange contracts* to hedge its foreign currency risk. The forward exchange contracts have maturities of less than one year after the balance sheet date. Where necessary, the forward exchange contracts are swapped at maturity.

In respect of other monetary assets and liabilities held in currencies other than Swiss francs, the ICRC ensures that the net exposure is kept to an acceptable level, by buying or selling foreign currencies at spot rates where necessary to address short term needs.

At the year-end, the following positions are open:

Forward foreign exchange contracts	2001	2000
 purchase of foreign currencies 	16,780	23,280
- sale of foreign currencies	-10,657	-23,239

Fair value

Changes in the fair value of forward exchange contracts that hedge pledged contributions or significant expenditures are recognised in the statement of income and expenditure. They are generally offset by foreign exchange gains and losses arising on translation of the hedged item to Swiss francs at the balance sheet date.

Both the changes in fair value of the hedging instruments and the foreign exchange gains and losses relating to the hedged items are recognised as part of "net financial result" (see Note 5.3.16).

The fair value of forward exchange contracts at the balance sheet date was a charge of Sfr 175 (2000: Sfr 0).

Interest rate risk

As the ICRC has a fixed mortgage rate up to 30 June 2006, there is no exposure to changes in interest rates.

Credit risk

The receivables are mostly with governments with high credit ratings, where credit risk is low. Investments are allowed only in liquid securities and only with counterparties that have a high credit rating. Other positions are not material, or are covered by provisions.

(in Swiss francs '000)

5.4.3 Overhead income and expenditure

As a contribution to the costs of headquarters' support for operations in the field, an additional 6.5% is added to the budget of each operation for cash and service movements. This support includes services essential for an operation's success such as human resources, finance, logistics, information technology and other support.

The reconciliation of overhead expenditure results as follows :

	Headquarters	Field
2001		
Operational expenditure	-145,307	-644,373
Internal allocation to headquarters budget		-39'813
Total expenditure	-145,307	-684,186
2000		
Operational expenditure	-141,067	-739,102
Internal allocation to headquarters budget		-44,071
Total expenditure	-141,067	-783,173

The reconciliation of overhead income results in the following breakdown for the last two years :

	Headquarters	Field
2001		
Contributions	119,966	709,779
Internal allocation from field budget	39,813	
Total income	159,779	709,779
2000		
Contributions	115'308	721'031
Internal allocation from field budget	44,071	
Total income	159'379	721'031
the end the foreign exchange crime and losses relation to the next		

5.4.4 Capital and contractual commitments

Capital commitment

The capital expenditure of Sfr 3,200 for 100 vehicles has been approved but not provided for in these financial statements.

Engagement in a significant contract

The ICRC concluded a *general partnership agreement* with an IT-company on 27 March 1997. This agreement has a duration of 10 years but may be terminated by each of the two partners under certain given circumstances. The agreement rules the IT-partnership between the two entities for system deployment services, systems technics services, support services for all IT-infrastructure and IT-users at the ICRC's headquarters, software and systems engineering as well as software deployment and maintenance services for the ICRC headquarters and field locations as well as assistance services for IT-Governance.

(in Swiss francs '000)

5.4.5 Related parties

Identity of related parties

The ICRC has a controlling related party relationship with three of its special funds and foundations (see Note 5.4.6).

Key Management Personnel are persons having authority and responsibility for planning, directing and controlling the activities of the ICRC. This includes the directors and senior management as well as close members of their families or households.

The Assembly is the supreme governing body of the ICRC.

The ICRC has a **conflict-of-interest policy** whereby the Assembly, the Directors, and the Senior Management must advise the Assembly or the responsible Human Resources Management of any direct or indirect interest in any transaction or relationship with the ICRC and are disqualified from participation in discussions and decisions regarding any action affecting their individual, professional, or business interests.

Transactions with related parties

During the year the ICRC received income of Sfr 638 (2000: 2,779 Sfr) from three of its funds and foundations (see Note 5.4.6). There were no transactions with key management personnel.

With the exception of the President and the permanent Vice-President the other members of the Assembly, or any person related or connected by business to them, have not received any remuneration from the ICRC during the year.

5.4.6 Special Funds and Foundations

2001						Transaction

Max Huber Fund	-	-	25	-

5.4.7 Remuneration

The salaries and benefits of the President, the permanent Vice-President, the Directors and the Management Controller of the ICRC are set by the Assembly.

The non-permanent members of the Assembly, or persons related or connected by business to them, have not received any remuneration from the ICRC during the year.

5.4.8 Subsequent events

Subsequent to the balance sheet date no significant events with a financial effect on the financial statements occurred.

ICRC ANNUAL REPORT 2001

The statistical data in the following tables can be summarized as follows:

9.1 Contributions in kind received and purchases made by the ICRC in 2001

All relief and medical goods received as contributions in kind or purchased by the ICRC and inventoried in the country of final destination between 1 January and 31 December, 2001.

The figures for contributions in kind cover all material support received as a gift but do not include any services received, such as the provision of human resources and/or logistical means.

The figures for medical and relief purchase comprise all procurements carried out both with non-earmarked and with earmarked financial contributions ("cash for kind").

The grand total of 153,304,753 therefore corresponds to the grand total given in the table entitled "Relief and medical supplies dispatched in 2001".

9.2 Relief and medical supplies dispatched by the ICRC in 2001

All relief and medical goods received as contributions in kind or purchased by the ICRC and inventorised in the country of final destination between 1 January and 31 December, 2001.

9.3 Relief and medical supplies distributed by the ICRC in 2001

All relief and medical goods distributed by the ICRC in the field between 1 January and 31 December, 2001. These goods were either purchased or received in kind during 2001 or taken from stock already constituted at the end of 2000.

9.1 CONTRIBUTIONS IN KIND RECEIVED AND PURCHASES MADE BY THE ICRC IN 2001

(donors and purchases according to stock entry date)

450

Establishment

Created on 1 May 1931; statutes and objectives revised in 1997.

Purpose

The Foundation strives to secure long-term support for the ICRC by establish-ing a substantial endowment fund, income of which will be freely available to the organization.

Administration

The Foundation's Board is made up of representatives of business and political circles and the ICRC:
one representative of the Swiss Confederation;
between five and eleven members appointed by the ICRC.

In 2001 :

The Foundation strengthened its contacts with the private sector, in order to develop its resources; developed new communication tools, including a Website.

RESULT

Excess of income over expenditure in 2001

Establishment

In accordance with the recommendations of the 8th International Conference of the Red Cross, held in London, in 1907, and with the decision of the 9th Conference held in Washington in 1912, a fund was established by contributions from National Red Cross Societies. The regulations were revised by the 18th International Conference of the Red Cross, held in Toronto in 1952, and by the Council of Delegates, held in Budapest in 1991.

Purpose

The Fund's income is used to distribute a medal, called the "Florence Nightingale Medal", to honour the life and work of Florence Nightingale. The medal may be awarded to Red Cross and Red Crescent nurses and voluntary aides for having distinguished themselves by their service to sick and wounded people in time of peace or war. The medal is awarded every two years by the ICRC on the basis of proposals made to it by the National Societies. Only 50 medals may be distributed at any one time.

Sfr

6,846

Administration

A commission composed of five ICRC representatives, including four Committee members.

In 2001:

On 12 May 2001, thirty nurses and voluntary aides were selected for the thirty-eighth award of the Florence Nightingale Medal. Their candidacies had been presented by the Central Committees of the National Red Cross and Red Crescent Societies of Australia, China, Korea (Republic of), Denmark, United States of America, Finland, Iran (Islamic Republic of), Italy, Japan, Lebanon, Myanmar, New Zealand, Norway, Pakistan, Poland and Thailand.

Excess of expenditure over income in 2001			-15,397

Establishment

The Fund was set up in accordance with the Count's will and the ICRC Assembly's decision of 19 December 1974.

Purpose

To assist temporary or permanent staff, such as first-aid workers, delegates and nurses, of international or national Red Cross or Red Crescent institutions who, in the course of their work or during war operations or natural disasters, have suffered injury and thereby find themselves in straitened circumstances or in reduced health.

In the event that the persons specified above should lose their lives in the course of the said humanitarian activities, payments may be made to their families.

Administration

- A Board composed of five persons appointed by the ICRC, currently:
- two ICRC members or staff;
- one representative of the International Federation of Red Cross and Red Crescent Societies;
- one representative of the de Madre family;
- one Swiss lawyer.

In 2001:

The Fund's Board met on 26 March. It examined or followed up 41 files (concerning one or more people) on Movement staff in 28 countries.

RESULT

Excess of income over expenditure in 2001

Establishment

Pursuant to decision No 1 of the Executive Board of 6 January 1983.

Purpose

The Fund's initial capital of Sfr 200,000 donated by Prof. Paul Reuter (his Balzan prize) may be augmented by gifts or bequests. The Fund's purpose is to:

- use the income to encourage and promote knowledge and dissemination of international humanitarian law;
- and to that effect award a prize every two years to reward work, assist in the implementation of a project or make a publication possible. •

Administration

Sfr

15,282

A committee composed of one member of the ICRC, who is its chairman, and two members of ICRC staff, appointed by the Directorate;
two persons from outside the ICRC who, with the Committee members, shall compose the Paul Reuter prize jury.

ICRC ANNUAL REPORT 2001

Establishment and intitial objectives 1981 was declared by the United Nations "International Year for Disabled Persons". The same year, when it met in Manila, the 24th International Conference of the Red Cross and Red Crescent adopted a resolution recommending that "a special fund be formed for the benefit of the disabled and to promote the implementation of durable projects to aid disabled persons". Pursuant to the ICRC Assembly's decision No. 2 of 19/20 October 1983 the "Special Fund for the Disabled" (SFD) was subsequently established. Its objectives were twofold :

- to help finance long-term projects for disabled persons, in particular the creation of work-shops for the production of artificial limbs and orthotic appliances, and centres for rehabilitation and occupational retraining;
- to participate not only in ICRC and National Society projects, but also in those of other humanitarian bodies working in accordance with ICRC criteria.

New legal status

In January 2001, the ICRC Assembly converted the SFD into an independent foundation under Swiss law. The primary objectives of the "ICRC Special Fund for the Disabled" remained to a large extent unchanged, i.e. ensure the continuity of programmes of the ICRC on behalf of the war-disabled and support physical rehabilitation centres in developing countries. Although the SFD has now become a more independent body, its pro-

grammes will continue to be drawn up in accordance with ICRC operational policies in the countries concerned. However, the statutes of the new Foundation now also allow the opening of its Board to members of other organizations and it is planned that the SFD should develop its own independent fundraising and financial management structure over the next few years. As a result, a separate SFD Annual Report will be established as from next year.

Funding

In 1983, the ICRC donated an initial one million Swiss francs to set up the "Special Fund for the Disabled". Further support was then given to the SFD by various governments, a number of National Societies and from private and public sources. As from the mid-nineties most of the financial support was received through the ICRC Special Mine Action Appeals.
