### Swiss Quality

Swiss companies enjoy a reputation as reliable business partners with ethically responsible motives. That's according to a new study which shows Switzerland's businesses are top-of-the-list when it comes to trustworthiness in comparison with seven other industrialised countries. The Swiss watchmaking and pharmaceutical industries as well as the banks and the financial services sector are considered first-class. In stark contrast the telecommunication's industry ranks bottom of the list. Compared with a similar survey six years ago Swiss businesses rated lower in terms of innovation and value for money. Switzerland is in fourth place when it comes to the image of products and companies.

#### Humour

Child asks Mum: "Mummy can I go outside and watch the sun-set" - Mum answers: "yes but don't get too close!"
