OTHMAR SCHOECK 70 JAHRE ALT.

In Zürich kann am 1. September der hervorragende Komponist und Dirigent Othmar Schoeck seinen 70. Geburtstag feiern. Der überaus aktive Jubilar hat auf der ganzen Welt dem Schweizernamen auf dem Gebiete der Musik zu grossem Ansehen verholfen. Die meisten seiner Lieder und Kompositionen haben auch im Auslande grosse Anerkennung gefunden. Othmar Schoeck wurde der Musikpreis der Stadt Zürich verliehen und erst vor kurzem wurde ihm die Hans Georg Nägeli-Medaille der Stadt Zürich überreicht in Würdigung seiner Verdienste um das Musikschaffen der Schweiz.

ACROW'S 20th ANNIVERSARY DINNER.

The 20th Anniversary Dinner and Dance of Acrow (Engineers) Limited was held on Friday, September 28th, 1956, at the Grosvenor House, Park Lane, W.1.

Mr. W. A. de Vigier, Chairman and Managing-Director of Acrow's — a compatriot of ours — presided. There were 1,200 persons present.

Previous to the dinner, cocktails were served, and the "Tafelmusik" during dinner was supplied by the light orchestra of the Corps of Royal Engineers, conducted by Major A. Young, A.R.C.M., Director of Music R.E.

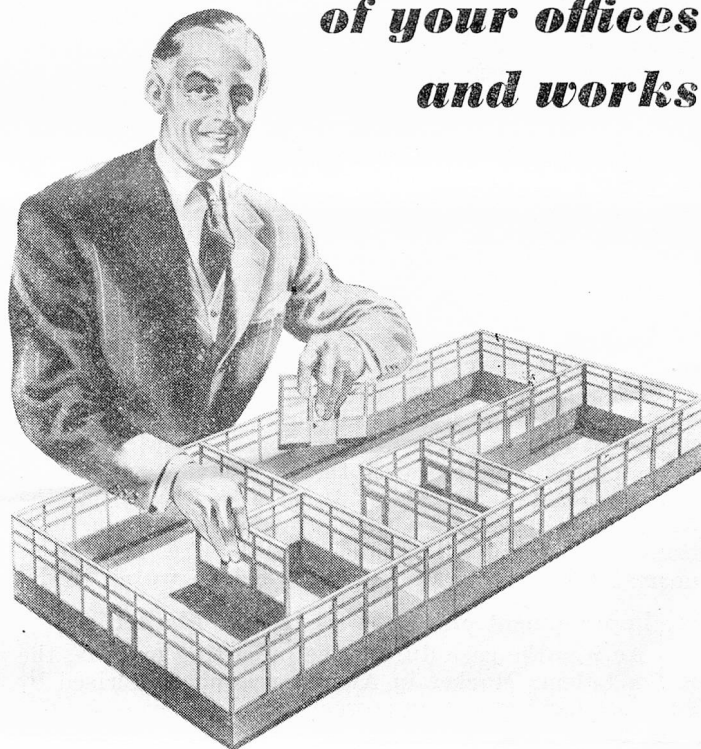

Shortly before coffee was served, Mr. A. W. de Vigier proposed the Toast to H.M. the Queen. He was followed by Lt. Colonel A. C. Newman, V.C., T.D., D.L., who gave the Toast to the Guests and Staff, after which the Chairman addressed the company, followed by presentations to various members of the staff for conspicuous services they had rendered.

Amidst vociferous applause, an oil painting of himself, by James Gunn, R.A., was presented to Mr. de Vigier on behalf of the members of the staff.

The dinner was followed by a cabaret and dancing to Ted Heath's orchestra.

STEEL PARTITIONING

An interior that is planned for efficiency now will rarely remain the best possible arrangement for very long. Expansion and re-organisation demand a fluid layout that can be adapted and constantly re-arranged to give one hundred per cent efficiency at all times. Acrow Steel Partitioning offers you this. It can be dismantled and erected again and again at no more than labour cost: every unit is re-usable. It compares favourably with breeze-brick walls in initial material cost and shows a heavy saving in initial erection time and labour costs.

Full details are readily available on request. Please write for our illustrated brochure SSP.
