NOUVELLE SOCIETE HELVETIQUE (London Group)

On Wednesday, 13th July, the President of the Nouvelle Société Helvétique, on behalf of the Council, entertained to luncheon at The Dorchester, Monsieur Gerard Bauer, ancien Ministre, President de la Fédération Suisse des Associations de Fabricants d'Horlogerie. Mons. Bauer subsequently addressed a small gathering of compatriots, led by H.E. the Swiss Ambassador and drawn largely from the watchmaking industry, on the very topical subject of "Integration européenne et l'horlogerie Suisse", and outlined in brilliant manner the steps contemplated by the Swiss Watchmaking Industry in their endeavours to deal with marketing conditions in the common market countries on one hand and world markets in general.

Mons. Bauer's vivid exposé was much applauded by those present and was followed by a general discussion which shed much further light on this very important problem.

It was generally felt that such personal contacts between leading members of the Swiss Industry and the Swiss Colony in London are highly commendable and much appreciated.
