*Omega's
top watch...
for the
world's top
people*

The Omega Constellation is more than a watch, it is a chronometer – a title reserved exclusively for watches which pass the 360-hour accuracy and reliability tests of a Swiss Institute for Official Chronometer Tests. And every model has earned the coveted citation "Especially good results" – Switzerland's top degree for accuracy. The models in the Constellation Collection range from the 18ct. gold model on a bracelet and with a diamond-set dial costing over £300, to the Constellation in stainless steel for £49.10.0.

Every Omega carries a comprehensive guarantee against any defect or accidental damage (except fire, loss or theft) valid for one year in 156 countries, regardless of where it was issued.
