The extra ten per cent

Cantilever shelving system

Acrow Cantilever Shelving is designed to save you a great deal of space and then some. An extra 10%. A bonus you get because we've cleverly eliminated the need for frontal supports! So you get one tenth more stock in the same space.

We studied stockrooms a long

time before we came up with Cantilever Shelving. And it's very good. Strong. Stable. Miserly with your precious space. Yet no Shelving System could be simpler. Or easier to erect. Or more variable and accommodating to your stock. Which are more accessible and visible to your Stores Personnel.

Shelf brackets are assembled to tubular steel uprights and are infinitely adjustable. There's nothing loose to go amiss. And 'Cantilever' is clean of line and functional.

Clip the coupon today for details. You'll get them by return (and a 10% space bonus when you buy!)
