operation that is usually quite difficult to carry out, owing to the fact that when the drum is almost empty, the pressure can only be compensated through the tap, which slows up the flow. That is why this drum has been fitted with a special valve compensating the pressure, fixed in the handle of the container. This method makes it possible therefore to fill bottles very easily and quickly with liquids stored in tanks.

## WINTER SPORTS NEWS

### Piz Lagalb — a ski-ing region fighting prejudices

The ski-ing region between Pontresina and Poschiavo on the Bernina Pass is still considered, quite wrongly, to have difficult slopes. The Paradiso Bianco, south of the Piz Lagalb, has been developed especially for the average and the less-competent skier. The recently-completed midway cable car station of Costas (8,200 ft) now opens up the possibility of ski-ing even in unfavourable weather conditions, and also means that the season can be extended until early July. Incidentally, the lowest-priced daily ticket in the Upper Engadine costs only Fr. 18, is valid for any one chairlift and three ski-lifts, and can be purchased in Paradiso Bianco. For all seven lifts the price is Fr. 25. The recently-introduced daily ticket for the Diavolezza and Lagalb cable cars and the Bügliet ski-lift costs Fr. 27 (children Fr. 18). Another new attraction this winter is a delta-wing flying school, where students can obtain a licence recognised by the Swiss Delta-Wing Federation. The winter health resort of Pontresina is also operating for the first time a school for cross-country ski-ing and ski-hiking. There's a 30-mile cross-country course and a 28-mile ski-hiking trail, with some sections lit up at night. From 6th to 27th April, Pontresina is offering ski-hiking and cross-country weeks costing from Fr. 220 (bed and breakfast included) to Fr. 458, and Diavolezza-Lagalb ski-ing weeks from Fr. 330 (bed and breakfast included) to Fr. 568.

### Wining and Dining on the Jungfrauoch

After two years' construction work, there's a new glacier restaurant high up on the 11,133 ft. Jungfrauoch. The upper part of this "restaurant above the clouds" is self-service, can seat 150 people and can be reached directly from the cable car station. Its walls are hung with pictures devoted to the theme of aviation. The lower part of the restaurant can seat a further 140 people. The windows, facing south, offer visitors a unique panoramic view of mountains and glaciers. Nearing completion are viewing galleries at the cable car stations of Eismeer (10,040 ft) and Eigerwand (9,400 ft).

### Spring Ski-ing in Switzerland

More and more people are trying to get away from the crowded ski slopes in their quest for a really peaceful contact with nature. On a high-altitude ski-tour in Switzerland's powdery and spring snow, for example. A number of Swiss mountaineering schools are organising ski-tour weeks right up until June. The all-in price — around Fr. 500. This usually includes accommodation in a hotel or mountain hut, half-board and the services of a guide. For example, the Gotthard Alpine School at *Andermatt* the Blinnenhorn and the Simplon Pass to Saas Fee. The *Davos* Mountaineering School is offering a very full programme of tours in Graubünden, Valais and in the Sântis region. The basic course for alpine ski-touring at *Safiental-Piz Tomül* (23–29.4) or in the *Julier* region (9–15.3) includes instruction in avalanche situations, knot-tying, general rope use, orientation and emergency bivouacking. *Engelberg* is known for its glacier-ski-ing down the *Kleintitlis* (from one to five people, by arrangement). *Fiesch* in the *Goms* region is offering until summer a selection of easy ski-tours for all classes of skiers, young and old. For absolute beginners, for example, there are one-week arrangements on the *Simplon Pass* (20–26.4 and 4–10.5) and in the *Jungfrau* region (27.4–3.5). A Ski-tour of the summits around *Fiesch* (18–24.5) will also appeal to more experienced skiers. *Grindelwald's* Mountaineering School is organising for the first time a weekend tour on the *Sustenhorn* (31.5–1.6), and is again offering its popular tours for average skiers in the *Finsteraarhorn* region and on the *Bernese Oberland's* highest peaks in April and May. The Mountaineering School at *Silvretta-Klosters* runs a variety of one-week tours — for old and young skiers in the *Livignotal* (23.2–1.3) the "sun terrace" between the *Valtellina*, the *Bernina Pass* and *Ofen Pass*; for real lovers of solitude, in the *Münstertal* and the *National Park* (30.5–5.4); and for experienced skiers, in the *Rheinwald* (13–19.4). *La Fouly* in *Canton Valais* specialises in the *Haute Route* between *Zermatt* and *Chamonix* — unfortunately already too well-known — in April and May. And the *Pontresina* Mountaineering School is running ski-tour courses in the *Diavolezza*, *Legalb* and *Bernina Pass* region (9–15.3 and 6–12.4).

### Ranier Maria Rilke — 1975 Summer Celebrations

Siders (Canton Valais) this year celebrates the 100th anniversary of the birth of the poet Rainer Maria Rilke, who was buried in *Raron*. A programme of cultural events will be held from June until September, including open-air performances, concerts and a commemoration exhibition at the *château de Villa*. During the whole of 1975 Siders is offering visitors a one-week stay from Fr. 210, including bed-and-breakfast accommodation and excursions.
