A city well known for its public transport

Swissair

Every European city has its own unique way of getting around town: red buses in London, trams in Vienna, even boats in Amsterdam.

Now Swissair makes getting around Europe itself just as easy with our big fleet of DC9's.

Switzerland's central position makes us a natural crossroads. And our network of 40 stops covers all of Europe's major cities.

Whether you're flying from London or Manchester, or from one side of Europe to the other, you're almost certain to find a fast connection via Zurich or Geneva.

Of course, flying Swissair is more comfort-

able than most other public transport systems. And we still provide First Class service on even the shortest flights.

So next time you're travelling across Europe, remember to check the Swissair schedule first. You could find it makes your trip as quick as crossing town.
