**WE OFFER THIS
YOUNG LADY OUR
CONGRATULATIONS!**

Our heartiest congratulations go to Brisa Allegranza who has been awarded the Queen's Guide Badge. Brisa, who qualified at the very young age of 13½, lives with her parents and two younger sisters in Barnet, Hertfordshire where she is a member of the local Guide company. In order to reach the high standards for this honour Brisa had to work for over 20 Guide badges and help at an old people's day centre. The Allegranza family originates from Ticino.

JAEGER-LECOULTRE ATMOS CLOCK

the clock that lives on air . . .

There has been a near-miracle in the craft of clock-making. Jaeger-LeCoultre, with characteristic pioneering genius, have created a clock that operates without human agency: it needs no winding, no batteries, no electricity.

Its name is the ATMOS and it derives its power from the constantly changing temperature. In short, the ATMOS runs on air. It is calculated that after 300 years the ATMOS would show no more wear than would a watch in 12 months. With arresting good looks to match mechanical perfection the ATMOS is a perpetual source of pride and satisfaction.

Jaeger-LeCoultre Products available from:

Asprey & Co Ltd. New Bond St, London W.1. • Garrard & Co Ltd. 112 Regent St. W.1.
