EDITOR'S JOTTINGS

Much of this issue is given over to an in-depth profile of the EBT Group, one of the smaller Private lines so many of you have expressed an interest in reading more about. I'd appreciate your reactions, if favourable we shall do more.

Regrettably, shortage of space has led to the holding over of the third part of Giles Della Gana's condensed histories of the early lines. Whilst we now have a good stock of features, we do need practical modelling articles (not layout descriptions) and at least one good snow scene for the December cover. The last ought to be easy, I await the rush!

We will be represented at the Swiss Gala this month, entry to this is by invitation only as the Swiss wish, understandably, to make this their own celebration of the 700th Anniversary. There is, of course, plenty going on in Switzerland itself ☐
