QUERY CORNER

Members requests for detailed information not available through normal sources will be published here. Please sent replies to the Editor for future publication.

Q3 RhB Shunting tractor numbering

It would appear that the RhB Tm 2/2 Shunting Tractors, formerly Nos. 56-67 have been renumbered. See *Bemo Post* No.2; new items No. 24 in shunting set, No. 19 forthcoming as separate item. Can anyone throw light on this, when, why and what is the complete list of new numbers and has anything else been renumbered?
