Ivan Rodrigues from the STC writes:

We are delighted to announce that a steam locomotive from the Brienzer-Rothorn Bahn will be operating on Snowdon Mountain Railway throughout September 2018. Visitors will be able to ride from Llanberis to Waterfall Halt and back for free. SRS members will also have the opportunity to get close up and personal to this vintage locomotive. As well as presentations about the BRB loco, many other activities are being planned which will be organized by STC. Be sure to subscribe to our newsletters for the latest news and how you can be part of some very special.

We know many of you over the years have relied on the efficient SBB Fly Rail Luggage system to transport your luggage from UK airport to your resort station in Switzerland. From 5th June it will no longer be possible to use this service if you are flying via Genève airport. It will only be possible to have luggage transported from UK airport to your hotel (via Zürich airport and vice versa) in twenty selected destinations. Depending on your landing time will determine whether your luggage will arrive the same evening or the next morning. This service is expected to operate until the end of October 2018.

Finally we would like to remind our members that STC has access to a number of international rail systems that allow us to book and hold seats for the different carriers including Eurostar, TGV Lyria, DB as well as domestic rail within Italy, France and Switzerland. We also offer Interrail passes for adults and seniors and this can be a more economical way of travelling to Switzerland and beyond. For further information and help planning your itinerary, please contact one of our Swiss specialists. Our web address is: www.switzerlandtravelcentre.co.uk.
