FASHIONABLE TABLE LINEN speaks for itself

SCHEITLIN + BORNER AG
WORB

Since everyone knows how important it is for a meal to be beautifully served and a feast for the eyes as well as for the palate, every wise restaurateur should make a point of spoiling his guests with

the best quality, beautifully made table linen that adds so much to the ambiance. The firm of Scheitlin + Borner Ltd., Worb, takes pride and pleasure in continually enriching its latest collections with new designs in fashionably modern colour combinations — in addi-

tion to the traditional white — as well as adding original articles to the range. Ornate jacquard patterns continue to occupy a prominent position among the pure linen damask articles, but dobbyloom fabrics and colourwovens with simple geometric patterns offer an attractive alternative, especially in the rustic sector. Among the jacquard articles, tablecloths of all shapes and sizes are available to meet client's requirements: square, rectangular, round

and oval, in standard as well as extra sizes. Woven names, monograms and crests, even the most elaborate, are another speciality of this go-ahead linen mill.

Since enterprising restaurants and hotels are tending more and more to choose table linen comparable to that found in elegant private homes and are even prepared to make far-reaching concessions

to fashion, textile accessories of all kinds are playing an increasingly important role. Table-mats, richly varied in colour and design, completed by pure linen napkins in a

wide range of colours, will soon be as much part of the scene in hotels and restaurants as in private homes. Here too, efforts are being made to achieve a fashionably elegant version of the rustic style, which is all the easier to achieve with today's popular colours like brown, olive, mustard,

copper, gold and natural. Since the merger of the two linen mills Scheitlin and Borner, whose collections now form a whole, the range of matching kitchen linen and attrac-

tive gift articles too has been widened. Under the trade name "Trattoria", the firm presents attractive aprons, oven gloves, table-mats and matching kitchen cloths in brown, red and blue combined with white, an idea that represents a welcome new addition to the collection.
